

After the international success achieved by Francesco: A Life Between Heaven and Earth, this new and fascinating book enriches the message of life and the hope of Yohana Garcia, an author whose work has conquered thousands of readers. Here we once again find Francesco, who, after a stay in Heaven, has received advice and teaching from the great masters, now has the privilege to be born again, this time in the body of Agustin. He still remembers what he learned during his time in a higher place and now is the moment to apply this knowledge to give meaning to his new existence.
