

Praise for Rich-Hunt: The Backdated Options Frenzy and the Ordeal of Greg Reyes In Rich-Hunt, philosopher Roger Donway tells the detailed story of how [Greg] Reyes ended up in this position and how little the prosecutor cared about truth, let alone justice. The result is a chilling page-turner. If you don't know much about how vague federal laws and regulations can put innocent people at risk, or if you already know but want to know more, Rich-Hunt is for you. -- Review by David Henderson, Research Fellow with the Hoover Institution, author of Making Great Decisions in Business and Life. Donway, who heads the Business Rights Center of the Atlas Society, makes his position clear from the outset. He sees Reyes as a hard-working, clear-thinking entrepreneurial hero. He also sees the law that Reyes was charged with violating as pernicious and vague. But even if one thinks that Reyes was not a hero, and even if one thinks that the law was a good law, Donway gives ample evidence that the legal system badly abused an innocent man. The abuse involved prosecutorial misconduct and mischievous actions by a federal judge. Another player that comes off looking very bad is the Wall Street Journals news section, which hyped the backdating options controversy as if it was obvious that options shouldn't be backdated. -- Review by David Henderson, Research Fellow with the Hoover Institution, author of Making Great Decisions in Business and Life. Rich-Hunt is the most comprehensive study yet of the interaction of business, law, and journalism in the backdated options episode. It is a case study of prosecutorial misconduct and the media's tendency to be an echo chamber for accusations against businesses. But it is primarily the story of a man who excelled in business achievement. Greg Reyes became CEO of Brocade at 36 and increased its revenues twenty-fold within three years--only to be felled by a miscarriage of justice. In this deeply researched work, Donway shows how Reyes became the victim first of a board made fearful by the power of regulators; then of a frenzied media attack on backdated options; and, finally, of prosecutors who charged him with fraud. Despite the prosecutors' failure to establish that someone was misled, the central point required for a charge of fraud, Reyes was convicted and sentenced to 18 months in prison. Rich-Hunt includes an introduction by Greg Reyes and a foreword by David Kelley. ABOUT ROGER DONWAY Business Rights Center Director Roger Donway is a freelance writer and editor whose work focuses on philosophy, economics, and history. In addition to heading up the Business Rights Center, Donway assisted author Robert Bradley, Jr. with his book Edison to Enron: Energy Markets and Political Strategies, the second volume in Bradleys projected trilogy, Political Capitalism (M&M Scrivener Press). Donway performed editing and research for Bradleys first book in the trilogy, Capitalism at Work: Business, Government, and Energy. From 1997 to 2005, Donway was the editor of The Atlas Societys monthly magazine, Navigator to which he also contributed numerous articles, including Eliot Spitzer: Ayatollah General and The Case for Frank Quattrone. From 1988 to 1997, Donway was managing editor of Orbis, the quarterly journal of the Foreign Policy Research Institute. In 1983, he co-authored (with David Kelley) Laissez-Parler: Freedom in the Electronic Media. He has also written a book-length manuscript, The Steelmasters, a history of steel technology told through the biographies of the men who created it. The Pulitzer Prize-winning historian Walter McDougall said of Donway, "An editor of his experience, loyalty, high standards, and erudition is almost impossible to find nowadays." Roger lives with his wife, Alisan, in the mid-Hudson Valley region of New York.
